

Sustainable Development Policy

Environmental Responsibility

- Comply with all environmental rules, regulations, policies, licenses and legislation
- Employ the highest environmental management standards while responsibly fostering mutually beneficial partnerships with host communities
- Communicate appropriately and effectively with stakeholders of exploration and development plans

Social Responsibility

- Comply with legal requirements and commitments to which we subscribe
- Acknowledge all cultural and human rights relevant to our operations
- Commit to First Nations rights by respecting local cultural beliefs and aspirations
- Communicate and engage appropriately and effectively with all stakeholders in an honest, responsible and timely manner

Health and Safety

- Ensure compliance with industry standards and legislation
- Communicate with all stakeholders to foster a culture of commitment to health and safety
- Not compromise our safety values and actively seek ways to improve health and safety standards for our employees and stakeholders.

Stephen Stewart, CEO
